As we bid farewell to another remarkable year, it's time to take a leisurely stroll down memory lane and celebrate the milestones that have made this journey with Relaxium truly exceptional. From the launch of innovative products to exciting partnerships and the heartwarming success of our Dreamer's Contest, the past year has been a tapestry woven with achievements. Join us as we recount the highlights that defined Relaxium's journey in this unforgettable year.

Dreamer's Contest: Unveiling Dreams, Celebrating Visionaries

At the heart of Relaxium's year was the Dreamer's Contest. The Dreamer's Contest, spearheaded by our CEO, Timea Ciliberti, stood as a unique opportunity to empower women entrepreneurs across the nation. With a focus on fostering dreams and celebrating the dedication of women in business, this contest aimed to provide financial support to a deserving female entrepreneur. In a landscape where thousands of small, medium, and large businesses, spanning various industries, are led by women, each entrepreneur harbors a perpetual dream. These aspirations range from desiring increased representation in the business world to nurturing a family's homegrown business or triumphing over challenges stacked against them.

The Dreamer's Contest was a platform to acknowledge and uplift the dreams that drive women entrepreneurs to achieve greatness in their respective fields. Our well-deserved winner, Sareena Karim, created her very own hair company Foli-Q, that uses unique technology to better hair care and hair health. Timea hand-picked Sareena for this competition, and we could not be happier with her choice.
